eleven volume work *Animal Locomotion: An Electrophotographic Study...* Dover edition of the complete work titled *Muybridge's Complete Human and . Mucho's Complete Animal Locomotion* was published in 1776 by John Vaughan and went on sale in January 1776. In February another work by Vaughan came out called *The Science of the Animal and Mucho's Science of the Animal*. The first publication was devoted to humans, and the second to animals, but both of them included some aspects of interest to neuroscientists. Vaughan's 1753 *Treatise on Electricity and Magnetism* provided the foundation for modern electrophysiology.
