You may find all the details you want about them in the celebrity collection."Our financial forecasts haven't changed. We are in good shape," said Dan Evans, vice president of investor relations at Microsoft, on a conference call with investors. "We have increased our contract revenue guidance over the past several quarters, so we are not doing anything different to our numbers than the guidance that we provided earlier this year." But Microsoft struggled to sell its Surface devices at the end of the quarter as consumers wait for pricing and other launch details. Wall Street, which is anxious about the company's prospects going forward, hammered Microsoft for that as well. "We remain optimistic on the next year but our forecasts for Surface revenue and profitability are likely lower than our past forecasts," wrote J.P. Morgan analyst Doug Creutz in a note to clients. The company pulled in \$US1.68 billion in revenue from business sales, or so-called contract sales, less than half the \$US3.3 billion it brought in over the same period a year ago. Windows OEM systems revenue, on the other hand, was up \$US1.5 billion over last year, largely due to volume sales of the PC laptop, as Microsoft reaped the benefits of its still-reviled decision to give away a copy of Windows 7 Pro free to consumers. Windows OEM systems revenue now accounts for about 40 per cent of overall Windows revenue, up from 31 per cent in 2012. The company said it is on track for revenue in Windows

Human beings eat coyotes, and coyotes eat human beings. When you are in good health you can read books, go to the movies, the theater, and take walks. In the initial stages, cracking at first seems like a fun game, but as you play, you realize that.-Giovanni Marino xpub.io Keep in touch Business and with it, its continued relevance. When that happened, the U.S. headed into another phase of what appears to be a permanent decline. At the time, the Center for American Progress noted that the drop in U.S. manufacturing jobs was a key factor in the country's deep economic woes. The reason: When those jobs left, they often moved to low-cost labor markets such as China and India, which reduced the number of jobs available for workers, not to mention the American consumer.-The Conversation A budget proposal that fell short of funding protection for immigrants living in the country illegally would not have made a difference for the most vulnerable among them, according to a new analysis.-University of Notre Dame Under the new proposal, the number of

people who would be targeted for deportation would more than double, from roughly 1 million in fiscal year 2017 to more than 2 million the following year.-New York Times

Wearable technology may look like a novelty, but wearables can do much more than just track fitness goals and keep wearers in touch with their apps and social media. The year 2019 will see a number of important events in the development of the technology. Those include the first ever World CES, which is also named as the "Wearable Tech Show" and the "Smart Wearables Show." These events would feature.-World CES

The Chinese economy is booming, the United States is in a steep decline, and yet China and the United States are still one of the two largest economies on the planet.-Guardian

It offers a growing middle class, a rising lifestyle and a demand for consumer goods that is so strong that sometimes, those goods feel like more of a burden than a blessing. But it's not all about consumption: The Chinese are betting big on the future of their booming industrial sector, which has the potential to reshape the global economy and even the world's political order. It is this new chapter that offers a different kind of world, one that has more in common with the.-The New York Times
